ABOUT THE FESTIVAL

The *Play with Glass* – European Glass Festival project, designed by Anita Bialic and Professor Kazimierz Pawlak, was included in Wrocław's application for the title of European Capital of Culture 2016. EGF is organized annually by the BB Gallery and the Fly with Art Foundation in close cooperation with the Municipality of Wrocław, the E. Geppert Academy of Art and Design and the Association of Polish Artists and Designers in Wrocław.

The most important event of the EGF is the main exhibition, devoted to a different theme every year. This year's main exhibition, *Dr Jekyll and Mrs Hyde*, is accompanied by displays organized at ten Wrocław galleries, an international seminar on European glass art and numerous arts and education projects, including: Glass Picnic, Glass in Wrocław's Urban Space, Glass Display Case, Glass Picnic, and an Open House in glass studios.

In the Glass Display project participate students of the Glass Department of the E.Geppert Academy of Art and Design in Wrocław. The rector of the Academy, Professor Piotr Kielan, will select what in his opinion are the most interesting and original window displays. The presentation of the prize, which he funded himself, will take place at the official opening of the *Transfer* exhibition of Antonina Joszczuk.
